

MTSS Information for Parents and Families

What is Multi-Tiered System of Supports (MTSS)?

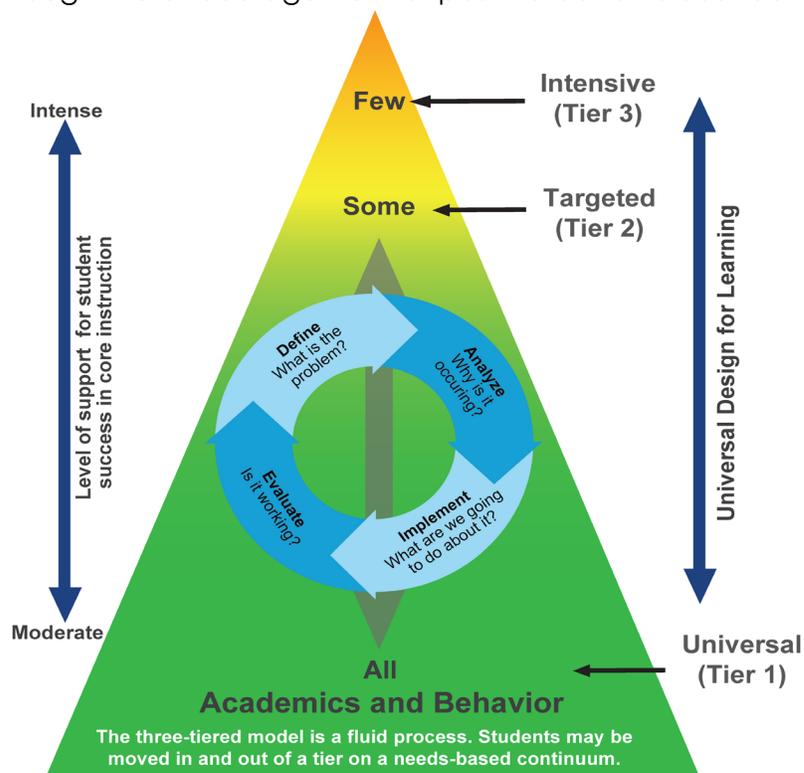

MTSS is a term used to describe a seamless prevention framework that refers to all the academic, behavioral and social-emotional strategies, interventions, supports and resources that are used to help all students grow and achieve. MTSS encompasses Response to Intervention (RTI and Positive Behavior Interventions and Supports (PBIS).

What is Response to Intervention (RTI)?

RTI is the practice of providing high quality instruction and intervention matched to student need and close monitoring of how a student responds to different layers of instruction and support.

What are Positive Behavior Interventions and Supports (PBIS)?

PBIS are the methods used to identify and support desired behaviors in the school setting through the encouragement of positive behaviors school wide.

What are the benefits of MTSS?

The overall goal of MTSS is to improve educational outcomes for all students, by identifying student needs early, and making sure student needs do not go unmet.

MTSS focuses on using data to make decisions about adjusting teaching or providing extra supports so students do better in school. Schools use MTSS to build a system of combined instruction and support (or "interventions") for students at varying levels of intensity, based on each student's need. MTSS is for all students.

What do I do if I believe my child is struggling?

- Talk with your child's teacher
- Review and assist with homework assignments and projects
- Ask for regular meetings with your child's teacher
- Celebrate your child's successes
- Learn more about the curriculum, assessments, and interventions being used in your child's school
- Participate in conferences and problem-solving meetings for your child

Parental Resources

This **video** for parents introduces the use of problem solving and how it may affect your child. <http://www.florida-rti.org/parentResources/videos.htm>

To review the real **"truths"** behind common myths of RtI and MTSS, visit the following link: <http://www.florida-rti.org/parentResources/myths/index.htm>

How will MTSS impact my child?

- Your child will be included in early identification of academic or behavioral problems so assistance can be provided at the first signs of difficulty
- Help for your child will increase or decrease depending on his or her needs

How can I participate in MTSS?

Families play a critical role in supporting what their children are learning in school. The more parents are involved in student learning, the higher the student achievement. Ask questions to learn more about MTSS in your child's school:

- Is my child successful? How do I know? If not, why and what can we do differently?
- If needed, how is additional help going to be provided? By whom? How often? For how long?
- How can I participate in problem-solving about my child?
- What can I do to help with the interventions for my child at home?
- How will I know if interventions are working?
